

# SumUp POS

**Built to help your business thrive**

## Industry-specific features

*Our robust suite of features is designed to work for you and be tailored to your unique needs. Simplify everyday tasks and manage every aspect of your business with ease from retail shops to restaurants.*

## Automated rewards & marketing

*Our automated rewards & marketing program keeps your customers engaged and excited to return to your business. Reach new customers when you join our network of over 90 million consumers who shop locally.*

## Sell in-store and online

*Allow your customers to order online with no third-party commissions, and increase return visits with integrated loyalty. Not only can customers earn points for in-store purchases, they can also enjoy rewards for online orders.*

# SumUp brings *global payments leadership* to partnerships

## A Global Reputation

*Working with SumUp means you are partnering with a global leader in 35 countries working with over 4 million sellers. You will get access to innovative solutions to help you reach more business owners.*

## One-on-One Dedication

*You will get a dedicated partnership manager who will work to bring you solutions tailored to your needs. SumUp also provides a full suite of marketing resources and tools to help you thrive.*

## Analytics to Gain Insights and Grow

*SumUp will provide in-depth dashboards and reports so we can grow together and help SumUp Products and services drive your sales.*

## Customizable Products to Fit Your Needs

*SumUp offers everything from full-suite Point of Sale solutions, mPOS card readers, and other software to meet the needs of your small business customers.*

*We've had really good results with the SumUp POS and our regulars love the loyalty program. New customers get hooked with the first-time visit discount and come back 2-3x more often.*
